Just completed the first set of FAQ's and "Your Questions Answered"....

Q1. When is the best time to start a RTW trip if I want to experience the best weather in Thailand?

Q2. How much money should I budget for bearing in mind that I don't want to stay in really dirty places - would rather pay more for a cleaner room?

Q3. What is the easiest way to travel from Bangkok to Chiang Mai?

Q4. Is Cambodia safe in terms of land mines?

Q5. Is Sydney the best place in Australia to set up a base?

so if you could all take a very quick moment to email and ask me 4 or 5 questions about my trip, it will help greatly with compiling the list.

many many thanks
